Lloyd's list intelligence casualty reporting service

Lloyd's list casualty report. Lloyd's list intelligence casualty reporting service. What is lloyd's list intelligence.

The Registers for 1930-1945 were digitised as part of the Plimsoll ship data project by the Southampton City Libraries and Archives Services in conjunction with Lloyd's Register's Heritage & Education Centre. Key data suppliers include: Satellite AIS reports from ORBCOMM[3] 1,400 locations covered by land based AIS receivers[4] 700 Lloyd's Agents and Sub-Agents[5] Classification Societies (IACS and non-IACS members) Flag Registries P&I Clubs Ship Owners Port Authorities Ship Brokers[6] Insurers[7] Coastguards and search and rescue centres Government and pan-government suppliers References ^ "Shipping and maritime intelligence - Lloyd's List Intelligence". External links Next Gen Lloyd's List Intelligence Lloyd's List Lloyd's List on Twitter Informa Retrieved from " Data Sources Lloyd's List Intelligence employs over 200 staff across the globe. "Lloyd's List Intelligence, the trusted expert providing actionable insight into the global maritime industry for 300 years, introduces a new industry standard for maritime intelligence through its partnership with artificial intelligence industry leader SAS". ^ Intelligence, Lloyd's List. ^ "Satellite AIS (Automatic Identification System) | ORBCOMM". The fields can be searched by ship name(s), year of build and gross tonnage. The Register Book for 1764-66 is now available to view in PDF format. This is the first time that pages from this original edition of the Register of Ships 1764 has been made available online. History Founded on the heritage of the maritime industry bible Lloyd's List, it has a 300-year-old history in providing information to the maritime world. (November 2010) (Learn how and when to remove this template message) This article needs additional citations for verification. Today, Lloyd's List Intelligence brings together the expertise of a global staff of maritime analysts and journalists, with the most extensive system of shore based intelligence gathering to create the complete information support service for the maritime industry. All digitised Registers can be searched by any of the fields such as ship name, master, ship owner or place of build (some of the fields may be abbreviated such as 'Capt'). Lloyd's List Intelligence also provides a range of support services such as in-depth consultancy, investigations, due diligence, market trend analysis and credit risk appraisal for entire portfolios. In Feb 2017, Lloyd's List Intelligence launch a newer platform known as Next Gen Lloyd's List Intelligence.[1] Lloyd's List Intelligence has a global presence with principal offices located in the UK, US, Singapore and Australia. www.seasearcher.com. Individual credit reports can also be commissioned or existing reports can be purchased direct from their data bank of over 17,000 marine, energy and commodity company credit reports. Please help improve this article by adding citations to reliable sources. www.lloydsbank.com. Volumes of the Lloyd's Register of Ships which are fully accessible and searchable online (up to 1960) can be accessed via archive.org. We understand the complexities of the industry and the challenges faced by professionals to keep global trade moving safely and efficiently. This article contains wording that promotes the subject in a subjective manner without imparting real information. The only surviving volume is on permanent loan to the British Library. In addition, Lloyd's List Intelligence directly employs expert analysts and researchers in Greece, India, Canada and China. ^ "Insurance". Vessel movements are also uniquely corroborated by visual intelligence from thousands of exclusive contacts around the globe. Images © Lloyd's Register Group Limited 2017. If you wish to use our resources please ensure that you properly reference the Lloyd's Register Foundation Heritage & Education Centre in your work and consult our Licencing and Terms of Use pages. Please note, the table below is currently being updated with new scans. It is a member of the publicly quoted group Informa plc and forms part of the Lloyd's List Group along with sister company Lloyd's List. Retrieved 2021-09-21. Its unique global network of specialist sources also includes the Lloyd's Agency Network of 700 agents and sub-agents for vessel movements' data, the leading registries and classification societies for vessel characteristics, and major company registries around the globe for corporate data. More than 1,400 locations are covered globally by land based AIS receivers to provide live coverage of over commercial ports and terminals in 132 countries. Overview Lloyd's List Intelligence, with a history of collecting maritime data dating back nearly 300 years, provides an interactive online service offering detailed vessel movements, real-time AIS positioning, comprehensive information on ships, companies, ports and casualties as well as credit reports, industry data and analysis including short-term market outlook reports. www.lloyds.com. 40,000 professionals around the globe rely on our maritime, legal and insurance insight to bring them the clarity they need. www.lloydslistintelligence.com. Our data and analytics services, with expert insight and commentary, ensure that our customers are well prepared to resolve problems, build strategies and make confident decisions for their organisations. ^ "Lloyd's Agency - Lloyd's". A small percentage of the online volumes listed in the table below were scanned in by Googlebooks and by The Internet Archive independently of HEC. Please remove or replace such wording and instead of making proclamations about a subject's importance, use facts and attribution to demonstrate that importance. Over 100 million positions are reported every day from 40,000 unique vessels. Services Lloyd's List Intelligence provides a wide range of services via industry-specific channels. In addition, tracking is enhanced with satellite AIS reports as a result of an agreement with ORBCOMM Inc. www.orbcomm.com. Please note that not all editions have been digitised yet but the Heritage & Education Centre (HEC) are creating searchable scans of our entire Register Book collection up to 2000 and making them freely available online. Each channel provides a dedicated resource to that sector offering a combination of specialized industry data, tools and analysis as well as access to detailed vessel movements, AIS positioning and information on over 155,000 vessels, 165,000 maritime companies and details of 19,900 ports and terminals. Information is sought from a multitude of sources and incorporates some of the most extensive resources available, including the world's largest AIS (Automatic Identification System) network, the largest online maritime database and the largest data bank of marine / energy / commodity company credit reports. Tracking vessel movements has developed into a global competence since the early days - Lloyd's List got its name back in 1734, when it was a journal listing ship arrival and departures. ^ "AIS Receivers and Transceivers | Raymarine - A Brand by FLIR". Satellite AIS positions are recorded from 1Nm to more than 1,500Nm from shore, providing greater reporting where land based AIS is reduced. www.pnnewswire.com. for Captain or 'Amer' for America). Unsources material may be challenged and removed.Find sources: "Lloyd's List Intelligence" - news - newspapers - books - scholar - JSTOR (November 2010) (Learn how and when to remove this template message) Lloyd's List Intelligence (formerly Lloyd's MIU) is a specialist business information service dedicated to the global maritime community. ^ "Ship Brokers | Lloyd's List Intelligence". Other Services provided include discreet investigations into vessels, asset tracking, companies and due diligence. Lloyd's List Intelligence also offers the unique Portfolio Review Service (PRS) which can be used to assess the overall risk and credit exposures for entire portfolios. This is all supplemented with the Ask the Analyst service, which offers direct access to a global team of expert analysts to perform business critical studies (including investigations, due diligence, in-depth competitor analysis).[2] Lloyd's List Intelligence channels include: Tankers Gas Dry Bulk Finance & Credit Law & regulation Insurance Each channel is available as a standalone subscription or can be combined with additional channels and services to meet the individual needs of an organisation. www.raymarine.com. These include specialist journalists and 60 market and data analysts who collect and process information from 1,500 sources, 24 hours a day, 7 days a week, 365 days a year. Vessels can be found in alphabetical order of ship name. Please note that copyright of all images of the 1764-66 edition remains with Lloyd's Register.
