This book is now a prize in my collection of horror, stories, fairy tales, and beautiful books. The ultimate goal is for the reader to know exactly what the book was about, even if he or she has never read it. This book is now a prize in my collection of I have eagerly waited 1 year, ten months, and 2 weeks, and 2 days to receive this book. Once you're certain it's complete, you can turn it in to your teacher or professor. Ever since I saw the movie in Cinefamily in October of 2014, I have been OBSESSED. If that's not enough, some of these book apps and subscription services also offer links to videos, reports and TED talks for the books, as well. Follow these guidelines to learn where to find book summaries online. Websites and Blogs Many websites and blogs offer summaries of chapters in books for free to their readers. These "YouTubers" select a book, present information about it, provide insights, highlight reviews about it, and summarize its plot. MORE FROM QUESTIONSANSWERED.NET CCO/ejlindstrom/Pixabay When a teacher or anyone else asks you to write a book summary, he or she is requesting that you read a book and write a short account that explains the main plot points, characters and any other important information in your own words. Therefore, a wide variety of sites are available containing them. Try reading it out loud to yourself to see how it sounds when you hear it. Create an Introduction Once you finish the book, you should have a few pages of notes and a good understanding of what happened, who the main characters were and all of the important plot points. Some of these channels follow a specific niche topic while others are about books in general. Research or Special Interest Book Summary Websites For those who need a summary of a book that covers a research or special interest topic, there are dozens of book summary websites focusing specifically on this. Some present notes, reflections, and reviews that their readers can comment on, discuss, or reflect on. You'll also need to know how long the summary should be. While you may not find a short summary of Hamlet, you will see religious book summaries, book summaries for health-related topics, or topics for business-related books. Students Searching for Book Summaries Students are constantly on the lookout for book summaries for research purposes, as well as for books they need to read for classes. Not only do you want to check for spelling and grammar errors, but you'll want to make sure the description flows from point to point and makes sense. Many teachers and professors ask students to do this to ensure they read and understand the material they've assigned. Remember, you're not rewriting the book entirely — just picking out the most important details and retelling them in your voice. You may want to introduce a setting here too. You can also make note when you find something interesting or you see something you need to understand better. When I saw that the creator of the movie was ALSO making copies of the book, I could not resist. And the book is so beautifully, individually, and cleverly made. Try putting yourself in the reader of your summary's shoes. If that's not enough, some of these book apps and subscription services also provide links to videos, reports and TED talks for the books, as well. YouTube Channels Offering Book Summaries If you would rather not read a summary of books, there are many YouTube channels offering book summaries online. These book summary sites contain information about the author, release date, characters, plot, and then move on to the summaries, like a short summary of Othello, for example. MORE FROM QUESTIONSANSWERED.NET Were there themes present throughout the book? Your teacher may want it to be at least a page or two or so many words so that you can show that you really understood what you read. As soon as you have the book in hand, whether your teacher assigned it or you chose it yourself, you should grab a pen and notebook to keep with you at all times. Be straightforward about the title and author of the book and give a general idea in a sentence or two of what it's about. Organize your points in order in paragraph form. The reader of your summary should have an understanding of the book without having ever read it. If you're currently working on your first book summary, here's how to do it: Know the Assignment and Choose a Book Before you get started, you need to know what your teacher expects from you. For example, they may need a summary of Robert's rules or a simple summary of Macbeth to help them write a research paper, and a book summary website will help them achieve that goal. You'll want to start with a strong introduction that tells the reader exactly what you want them to know. Anytime you read a chapter or two, you'll want to take notes about what you read. What would you need to know to understand what the book was about? Keep an outline of the plot. Read it a friend or family member to see if they can provide any feedback. The story is frightening but so wickedly clever and eerie in its execution. This is where you'll turn to your notes. ...more Because everyone is pressed for time, the need to look up the summary of this book or that one is sometimes a priority. I have eagerly waited 1 year, ten months, and 2 weeks, and 2 days to receive this book. Some of the bloggers and website owners also provide video and audio summaries, as well. It's possible to find chapter summaries of books available through subscription services, as well as book apps. The drawings are amazing, even while horrific. Edit and Proofread Once you've finished, read over your summary a few times to make sure it makes sense. Now, it's time to start writing the summary. Some of these services provide audio, PDF, and infographics of the books. Did it teach a lesson, or was there a moral to the story? For example, if you read "Gone with the Wind," you may start with something like "Set during the Civil War, Gone with the Wind by Margaret Mitchell is an epic novel that tells the story of a young Southern woman in Georgia, her love affairs and her attempts to save her family plantation while the South burns down around here." Organize Your Notes to Create the Body Once you've introduced the book with a few sentences, it's time to write the body of the summary. The purpose of these websites and blogs is to present an informal setting for people to enjoy books without feeling the pressure of making a purchase. Once you've finished the body, add a conclusion that gives the reader an understanding of significance of the book. Did he or she assign a particular book, or can you select your own? Make a list of the characters and their problems and goals. If you didn't create an outline before, now is the time to do so.
