Felices dias tio sergio english translation pdf

Agés ago I discovered the joys of reading Spanish novels for fun. It helps to keep up my fluency and build my vocabulary, while adding bits of cultural knowledge. Of course, I always keep my linguistics hat on in case I find anything particularly interesting. This post describes two such findings. The first is from La carta esférica, a novel about a sailor who joins a mysterious woman on a treasure hunt for a sunken ship carrying a priceless cargo of Jesuit emeralds. It's by one of my favorite Spanish authors, Arturo Pérez-Reverte, best known for the Capitán Alatriste series. Besides its pleasantly page-turning plot, this novel features the best example I've ever seen of the stylistic exploitation of the different versions of the Spanish imperfect subjunctive. Here, the narrator alternates between -ra and -se subjunctives as he waits for the mysterious lady of the emeralds to stop him from walking out. This alternation adds an extra back-and-forth rhythm to the parallel structure of the successive que clauses. Todo el rato, hasta que cerró [la puerta] detrás de sí, estuvo esperando que fuese hasta él y lo agarrara por el brazo, que lo obligase a mirarla a los ojos, que contara cualquier cosa para retenerlo. "The whole time, until the door closed behind him, he hoped that she would go to him, take him by the arm, make him look her in the eye, and say anything to keep him there. Right now I'm reading Magali García Ramis's memoir of growing up in Puerto Rico, Felices Días Tío Sergio. I first learned about García Ramis when she was inducted into the Academia Puertorriqueña de la Lengua Española (basically, the Puerto Rican branch of the Real Academia Española). In a previous post I described her inaugural lecture, on the Puerto Rican *fi*. I bought a copy of Felices Días back then but only recently got around to reading it. It is absolutely delightful, written in simple Spanish that would make it a good first novel for a student to read. The passage that caught my linguistic eye has to do with another cardinal aspect of Puerto Rican pronunciation, the aspiration of final -s. Here the protagonist, a young girl, is asking her mother to make cat-shaped cookies for the funeral in absentia of their lost cat, Daruel. It's an interesting passage from a sociolinguistic perspective because it shows the two speakers' awareness that this is a stigmatized feature. In the first line, Ramis uses the letter j to show the aspirated /h/ pronunciation of the /s/ of los. — ¿Ah Mami? ¿Ah, nos laj haces? [Mom, will you make them for us?] - Nos lassss hacesss - corrigió Mami [Will you make them for us? - Mom corrected] - Bueno, nosss lass hacesss ¿SÍ? [OK, will you make them for us?] 0 calificaciones0 encontró este documento útil (0 votos)1K vistas1 página, activo Size: 31,377 KB Dównload URL => .. - DOWNLOAD PDF Ebook Textbook Felices Dias, Tio Sergio (Spanish Edition) by Magali Garcia RamisLast access: 71049 userLast server checked: 10 Minutes ago!Felices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis [PDF EBOOK EPUB MOBI Kindle]Felices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis pdf dównload freeFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis pdf freeFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis pdf freeFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis free dównload pdfFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis pdf freeFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis pdf freeFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis pdFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis epub dównloadFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis onlineMagali Garcia Ramis by Felices Dias, Tio Sergio (Spanish Edition) epub dównloadFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis epub vkFelices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis mobidównload Felices Dias, Tio Sergio (Spanish Edition) PDF - KINDLE - EPUB - MOBIFelices Dias, Tio Sergio (Spanish Edition) dównload ebook PDF EPUB, book in english language[dównload] book Felices Dias, Tio Sergio (Spanish Edition) in format PDF[PDF] [EPUB] Felices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis dównloadsynopsis of Felices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramisreview online Felices Dias, Tio Sergio (Spanish Edition) by Magali Garcia RamisDównload & Read Online Felices Dias, Tio Sergio (Spanish Edition) by Magali Garcia Ramis » .. Showing 1-30 Start your review of Felices dias, Tio Sergio It's no secret my big love for this book. I don't know how but it achieves to expel from me foreign feelings, and at the same time it fills me in a way that every time I close my eyes, can't stop thinking about it. This book gets me. It makes me its friend for a day or two because it is so short, but its aftertaste lingers for weeks. And how can I love a story about a girl who lacks of identity and doesn't belong anywhere? Well, for the simple fact that my identity is in scarcity. And as I read It's no secret my big love for this book. I don't know how but it achieves to expel from me foreign feelings, and at the same time it fills me in a way that every time I close my eyes, can't stop thinking about it. This book gets me. It makes me its friend for a day or two because it is so short, but its aftertaste lingers for weeks. And how can I love a story about a girl who lacks of identity and doesn't belong anywhere? Well, for the simple fact that my identity is in scarcity. And as I read this book, I understand that sometimes it's okay to feel this way, without identification. That is okay to be picked up by the arms of solitude but that it is necessary to learn to grow in them and to start putting the first pieces of this puzzle called life. So this book did all this to me. I'm a little mess now. ...more Nov 25, 2014 Bookworm rated it it was amazing Me encontré tan identificada. Yo sé lo que es crecer con una familia de mente cerrada. Sé lo que es la angustia del proceso de formar tus propias opiniones, tu propia identidad, aparte pero muy influenciada por ellos. Sé lo que es estar confundida y sola y no saber quién eres. Sé lo que es vivir sabiendo que no compartes las filosofías más esenciales de tu familia y darte cuenta que, a la hora de la verdad, no importa. Nunca me he enamorado de mi tío, pero leer este libro fue como mirarme en un Me encontré tan identificada. Yo sé lo que es crecer con una familia de mente cerrada. Sé lo que es la angustia del proceso de formar tus propias opiniones, tu propia identidad, aparte pero muy influenciada por ellos. Sé lo que es estar confundida y sola y no saber quién eres. Sé lo que es vivir sabiendo que no compartes las filosofías más esenciales de tu familia y darte cuenta que, a la hora de la verdad, no importa. Nunca me he enamorado de mi tío, pero leer este libro fue como mirarme en un espejo. Me rei (un poco), lloré (bastante), y saqué A en el examen. ...more Lo lei en la escuela superior y lo volví a leer. Me encanta porque presenta lo que es ser puertorriqueño. Donde nos enseñan que todo lo "bueno" viene de afuera (Estados Unidos y Europa) y que lo de la isla es "malo". Es triste saber que los mismos puertorriqueños no sabemos nada de nosotros mismos. ...more Aug 14, 2009 Alex rated it it was amazing Recommends it for: the classist Recommended to Alex by: Luz Arocho, AP Spanish teacher I loved this book! Just like my friend Edhriz, whom I love with all my heart, I laughed with this book. It also opened my eyes to the many different thoughts and impressions of the late 1950's in Puerto Rico. The main character's family has a lot of money compared to the average family by that time. The book says they are not rich, but en route, but clearly these people enjoy life with all its commodities and have not seen a day of hunger. I recommend this book to everybody, but especially the people that have not opened their eyes to the reality that is happening nowadays. Great book... and even has a bit of love in it. ...more Jun 20, 2018 J.D. Estrada rated it really liked it Un libro bien puertorriqueño y no en lo típico que se ve cuando se habla de literatura puertorriqueña. La primera vez que veo buchipluma en un escrito, con lenguaje, ideas, conceptos y conversaciones típicas del área metropolitana. Perdí la cuenta de cuántas veces lo que leía sonaba a algo que había vivido. Desde críticas a la estidad e independencia, del mundo en limbo que es la identidad puertorriqueña, de los comentarios políticos, la ignorancia religiosa, la libertad de años de adolescente Un libro bien puertorriqueño y no en lo típico que se ve cuando se habla de literatura puertorriqueña. La primera vez que veo buchipluma en un escrito, con lenguaje, ideas, conceptos y conversaciones típicas del área metropolitana. Perdí la cuenta de cuántas veces lo que leía sonaba a algo que había vivido. Desde críticas a la estidad e independencia, del mundo en limbo que es la identidad puertorriqueña, de los comentarios políticos, la ignorancia religiosa, la libertad de años de adolescente y el peso de la adultez. Es un cuento bien real, desde lo que hablan, hasta cómo hablan, hasta lo repentino que son los momentos de la vida y como alguna gente llega y se va como un abrir y cerrar de ojos y sabiendo o sin saberlo dejan huellas profundas en nuestra vida. Felices días, Tío Sergio es un libro BIEN puertorriqueño y de seguro no sea algo que mucha gente pueda relacionarse porque hace falta tener esa identidad, esos complejos, esas dudas, incertidumbres y frustraciones de alguien que ha sido afligido por el insularismo para entenderlo, pero cualquier persona que sea de la Isla y lo lea encontrará varios momentos en donde dirá "coño, es que somos así." Y eso vaís oro. Se le quita una estrella por errores de gramática en esta edición, por el requisito de puertorriqueñidad para entenderlo bien y porque el cambio al final fue tan súbito que puede ser comentario sobre cómo es la vida pero parte se siente incompleto... el cual pudo haber sido la intención. ...more Oct 30, 2020 Tash Greenidge rated it it was amazing This is one of my new favourite books! I didn't know what to expect at first, but as soon as I got through the first one or two pages I was totally enchanted by the story. I felt Ramis was able to portray how a child thinks with such vividness that it was like I too was back stuck on a porch with my cousins one long hot afternoon. Maybe because it was a Caribbean story as well! One of my most eye-opening reading experiences to date was James Joyce's Portrait of the Artist as a Young Man and this This is one of my new favourite books! I didn't know what to expect at first, but as soon as I got through the first one or two pages I was totally enchanted by the story. I felt Ramis was able to portray how a child thinks with such vividness that it was like I too was back stuck on a porch with my cousins one long hot afternoon. Maybe because it was a Caribbean story as well! One of my most eye-opening reading experiences to date was James Joyce's Portrait of the Artist as a Young Man and this has similar qualities. Felices Dias is terrifyingly frank about emotions like loneliness and not fitting in. In one sentence: the pains of growing up in a typical West Indian household, sprinkled with some mambo music and sublime sunset descriptions to spice it up! ...more Mar 25, 2021 Cindy rated it it was amazing He releído uno de mis libros preferidos de todo el universo. Y sentí que volví a todos los lugares que he amado. Y tengo mucho dolor. Tanto, que ya no puedo escribir nada . Estoy llorando y necesito pasar por este proceso de dolor y amor. Cómo se puede amar tanto la literatura para haber escrito esta joya tan inmensa en tan pocas páginas. Gracias, Magali García Ramis. Prometo reseñar esta novela a la altura que merece. Por ahora, déjame llorar, mientras tarareo la danza sobre esos felices días que no volverán. ...more May 26, 2013 Eileen rated it really liked it A wonderful and accurate description of growing up in Puerto Rico and a beautiful memoir of a time gone. García Ramis uses her memories of a beloved uncle to expose life in the colony. It's a novel but reads like a memoir. A wonderful and accurate description of growing up in Puerto Rico and a beautiful memoir of a time gone. García Ramis uses her memories of a beloved uncle to expose life in the colony. It's a novel but reads like a memoir. ...more Feb 08, 2012 Minnie rated it it was amazing read it in high school, en mi clase de español avanzado, agradezco a la maestra que tuvimos en el grado 12, en mi último año de escuela superior ella nos mostro muy buenos trabajos de literatura en y en particular de Puerto Rico. Aug 23, 2007 Luz Ibarra rated it it was amazing What I enjoyed most about this book was that it gave me a small glimpse into what life in Puerto Rico would be like. It was kind of sad, too. And I saw a lot of the same traditions in that family that I see in my family. Feb 03, 2013 Tania rated it liked it I can't say that I did not like it, but for me it's not a very memorable book. I can't say that I did not like it, but for me it's not a very memorable book. ...more Cristina rated it it was amazing Mar 28, 2008 Hector rated it really liked it Mar 01, 2015 Gloria rated it really liked it Nov 19, 2011 Yuliana rated it it was amazing Mar 22, 2016 Isabel rated it it was amazing Jan 23, 2021 Vero2890 rated it really liked it May 10, 2013 Priscila rated it it was ok Nov 21, 2015 Belen rated it it was amazing Jan 05, 2008 Mel rated it it was amazing Sep 24, 2011
